

Key Features

General:

- Complete range of chin straps for use along with MSA V-Gard Safety helmets.
- A variety of designs to accommodate the varied conditions of use with options depending on the environment and the encountered risks.
- All MSA chin straps comply with the requirements of EN 397 when fitted in the appropriate manor to our range of V-Gard industrial safety helmets. Never attempt to use chinstraps from another manufacturer. There is no approved cross-combination with other chinstrap/helmet manufacturer.

2 point Elastic Chinstrap:

- Better flexibility : Can be worn on the top of the helmet when not used

2 point Textile Chinstrap:

- Black and White textile for better control of the chinstrap use
- Adjuster for better size settings

3 point Chinstrap

- For Fas-Trac Suspensions helmet only
- Black and White textile to better control of the chinstrap use
- Adjuster for better size settings
- Quick release buckle
- Allows use with Chin Cup (to order separately)

4 point Chinstrap:

- Compatible with V-Gard 520 and on request with V-Gard 500
- Black and White textile for better control of the chinstrap use
